REMINDERS

- * Classroom teachers **WILL NOT** be responding to messages posted on Seesaw. If you need to ask your child's teacher something, please phone the office and request a meeting or phone call.
- * Due to an increase of students with food allergies and intolerances. If you would like to bring any cakes into your child's class, please inform your child's classroom teacher at least 3 days in advance and supply a list of the ingredients that are in the cake. Thank you in advance for helping us keep our students safe.

Athletics Carnival

Our school athletics carnival will be held on Friday 3rd August.

A huge change will be happening this year, we as a school will be including any students who are turning 8 this year. Therefore **all students who are turning 8 and are in Year 2 will be welcome to participate in our carnival.**

All students will be entered into their age races. Any one can nominate to participate in the 200 and 800m races. Field events, Mrs McKernan has been running trials for all disciplines during Term 2. The top 16 students in each age group will be nominated to enter the field events (using the distances recorded by Mrs McKernan). These students will participate in the events on the day.

P&C will have a canteen in operation on the day.

All students will be expected to be at the town oval by 9am to begin the day. Buses will stop and pick up at the oval. **Students are invited to wear their house colours on the day.**

Our Zone carnival will be held a fortnight later on Friday 17th August. The first four place getters will be entered in the Zone carnival. Relay teams are school teams at the Zone carnival and therefore will be announced after our school carnival.

We hope our carnival will be a great day for all our kids and don't forget all parents and carers are invited to come along and cheer our kids on.

Week 3 we are combining Education/Science week and completing various curriculum activities across the school in preparation for Week 4. This week classes K-6 will be designing and building an Arcade Game (STEM) based on recycled materials.

Thursday 16th August parents will be invited to view class creations in the Library courtyard from 12-1pm. Parents are invited to stay for whole school assembly for science class award presentation.

Donna Burton is a special guest judge. She has kindly donated a main prize of a family ticket to Milroy Observatory and thought we could draw a student name out of our PBL rocket.
