5/6L WEEC Film Production

5/6L were given a special opportunity to work with Wes Leedham and Ange Bunner from the Warrumbungle Environmental Education Centre (WEEC) in Week 5. Our goal was for students to produce a short 90 second film promoting tourism in the Warrumbungle National Park. We analysed real advertisements, looking at filming and storytelling techniques, framing, lighting and sound to help inform students about the considerations required to put together a storyboard. Students worked in teams of three, each with specific roles to do with production, creative directing and managing technology. Students found it quite challenging to put together a detailed storyboard, which was used to guide filming on Thursday.

We enjoyed beautiful weather in the valleys, following the nature trails to find locations and scenes to film and take photos. We also visited Siding Spring Trig Station for fantastic views of the Warrumbungles and put up with the icy cold winds coming from the south.

Our week ended on Friday with lessons about editing our films using iMovie on iPad's and a preliminary viewing of each team's progress before lunch. We hope to have a few more sessions to fine tune our films, taking on the feedback given on Friday. It was a terrific week learning about techniques, while enjoying our local National Park with our best mates and friends.

I wish to thank each 5/6L student who came along, being respectful to each other and the staff, acting safely while in the park and aiming for excellence by pouring all their effort and creativity to produce short films that would make us proud. Thanks also to Wes Leedham, Ange Bunner, the staff at the Warrumbungle Information Centre, Siding Springs research staff who met us and Pruggers Coaches for taking us out for the day

MUDGEE NORTH-WEST LEGACY

Legacy Badge Day, 6 September 2019

One unique organisation stands by the dependants of veterans who gave their lives or health in the service of their nation. Legacy cares for the families of defence force personnel killed in war or other hazardous service, in peacekeeping operations or in accidents whilst training for war, and those who have died subsequently or are incapacitated. Caring for this extended family is a big task as we seek to assist them in coping with their lives, both financially and emotionally, whether they are young or old. We help organise housing, education, medical expenses and important special things, like simple companionship. Legacy is funded by public donations, which enable us to perform our legacy of care.

There are many widows and dependants in Mudgee North West Division who depend on Legacy.

Badges are available at our office at 133 Market Street, Mudgee, and Bunnings Mudgee during Legacy week, as well as various locations in other towns within our Division on Badge Day. We also have pens, wristbands and Army, Navy, Nurse, Digger and Air Force bears.
