Chaplains Chat

The girls in Grade 3 have been spending time with the School Chaplain, Narelle, looking at how they can grow values in their lives.

To illustrate this they have watched seeds germinate and begin to grow. As plants need water, nutrients and light the girls talked about what they would like to water and grow in their own lives.

As the seed roots appeared the girls could see how they need to develop the strong foundations of respect, kindness and treating others as they want to be treated.

There was excitement as the shoots and leaves broke through the surface and reached for the light. This led to discussions about what is needed to encourage the fruits of honesty, trust, loyalty and good listening in friendships.

The Grade 3 girls are now starting to make a "Friendship Garden" collages showing the qualities that lead to beautiful and sweet smelling friendships.
